Appendix I :

List of Political Parties Eligible to Participate in ICAPP Activities

As of January 31, 2010

Article 2 of the ICAPP Charter stipulates that "The ICAPP shall be open to political parties in Asia with democratically elected members in the parliaments of their respective countries, which are Member States of the United Nations. In this regard, the ICAPP Standing Committee has made two exceptions to this article in consideration of political reality and logistic constraints in organizing ICAPP activities as follows:

- **At the 5th SC Meeting held in Seoul during June 1-3, 2006, it was agreed to extend invitations to political parties in the Palestinian National Authority in an effort to render the ICAPP activities more inclusive and representative of the diversities existing in the region; and**
- **At the 8th SC Meeting held in Tehran during November 22-23, 2008, it was further agreed that the following two criteria would be applied to the political parties in Asia to be eligible for invitation to the future ICAPP activities, including the General Assemblies; (1) Political parties which have more than one percent of elected seats in their national parliaments; or (2) Political parties which have won more than one percent of popular votes in their latest national parliamentary elections, as certified and recognized by their national election commissions.**

There are currently 263 Political Parties in 51 countries and 1 territory (Palestinian National Authority) as of the end of January 2010, which meet the above criteria to be eligible to participate in the ICAPP activities, as follows:
